World is closer than you can imagine!

What is Meet My Friend?

Meet My Friend is a cultural understanding project which is running nationally every year in Turkey. International students will enrich Turkish High Schools by doing **presentations** about their home countries and also environmental awareness.

Meet My Friend is a great opportunity for interns to learn about Turkish Culture and lifestyle in Turkey and to get closer to other different cultures. At the same time, this Project is beneficial for Turkish Students to find out more about foreign cultures.

The long term goal of the project is to foster cultural understanding and motivate students to learn foreign languages. Also, by the help of "*environmental awareness presentations*" our aim is to raise the awareness of children for local and global problems and become social responsible. Another purpose is improving perspective and vision of HighSchool Students.

The interns will work with 15-17 aged children and studying in Turkish High Schools. Meet My Friend Project will run in high schools and all trainees will present their countries during the English Lessons to the students.

Furthermore, all the participants of the project will live with **Turkish Host Families**, so that they have a chance to live and learn real Turkish Culture

Trainees will have an opportunity to meet and work together from lots of different countries.

World is closer than you can imagine!

7 LC's in Turkey to live your life changing experience:

LC Ankara

LC Antalya

LC Bursa

World is closer than you can imagine!

LC Eskisehir

LC Istanbul

LC Izmir

LC Kocaeli

Content of Meet My Friend

Country Presentations in High Schools:

The participating interns of the project will make country presentations and answer the questions about their country, culture. The questions will be coming from Turkish students in high schools which we cooperate with since 2003.

Environmental Awareness Presentations:

While people live with concern about future of world and while people all around the world do something for better environment an better future, as an organisation who aims positive impact on society, we want to creat more awareness about environment pullitun and problems, in order to creat an awareness of highscool student about environment and in order to make more sensitivy young people, we would like to take their attention, inform young students, warn them. So the interns will make presentations about these environmental awareness issues and interns need to make preparation about these presentations before their arrival.

SPECIALLY STRUCTURED RECEPTION FOR MMF INTERNS

Reception tours to touristic, interesting places of Turkey with MMF team. Fun every weekend!

Global Villages in schools.

World is closer than you can imagine!
